

School Events

"The last DJ we had was really lame!" Sound familiar? It's a phrase we hear all too often. DJH Productions DJs are anything but lame. We play the most current hits and favorite tracks students want, while being mindful of teacher's or administrator's wishes in remaining appropriate. Our DJs go to great lengths to honor requests and will play a mix of music students will appreciate. We carry brand-new recordings from the latest artists because we are constantly keeping up with the most popular trends in music. Our school music library is vast and ever-growing. Students will find our lights and effects show is truly awesome, and our DJs make the most of dances by organizing participation among dancers in a variety of fun and entertaining ways. Whether we teach a group dance, kick off a dance competition, or host organized activities, our DJs make the event successful and memorable. Be sure to ask us about our "video dances" as well – you'll never have a lame dance again!

DJH Productions specializes in Proms, Morps, Sadie Hawkins, Valentines, seasonal Balls or Formals, and just about any other kind of event students dream up!
